

Health and Safety Policy

Statement of Principles

The policy applies in respect of any person to whom Bauer Technologies owes a duty of care. It should be read in conjunction with our arrangements document for the company as a whole, which set out the organisation and the arrangements for the implementation of these principles.

Bauer Technologies recognises, and fully accepts, its statutory and moral responsibilities to provide the highest standard of health and safety protection for its staff and for other people on or about the premises or sites for which we have responsibility and Bauer Technologies management team are committed to continually improving our OH&S management and performance.

Bauer Technologies is dedicated to ensuring:

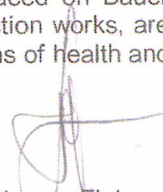

- the health, safety and welfare of all our staff and others who work under our control;
- the safety of the general public who use may be affected by our undertaking;
- that the way in which we develop our undertaking contributes to the well-being of the community at large.

In order to meet these aims we shall:

- keep up to date with best practice in relation to health and safety and comply with all relevant legislation and authoritative guidance;
- to ensure, so far as is reasonably practicable, those who undertake work on our behalf apply the highest standards of health and safety for their employees and the community in general;
- we are committed to complying with other requirements to which Bauer Technologies subscribes that relate to its OH&S hazards
- co-operate actively with local authorities, statutory bodies and public services in the interests of public safety and the safeguarding of the environment;
- maintain to a high standard of working practices in respect to all the premises and sites over which we have control;
- give a high priority to health and safety in all our operations;
- develop, implement and monitor health and safety regimes appropriate to our work;
- co-operate with, and monitor, the performance of contractors who work for us;
- provide the necessary resources to implement our policies and keep them up to date;
- consult with, and involve, our staff in matters affecting their health and safety;
- provide the necessary equipment and training for the tasks to be performed;
- where necessary supplement our in-house resources with external resources;
- provide a framework for setting and reviewing OH&S objectives.

We require the full and active participation of all our employees in order that the principles outlined in this policy statement may be achieved. The statutory duties placed on Bauer Technologies and all their employees, and providers of services and construction works, are to be regarded as minimum standards. We aim to achieve best practice in terms of health and safety in all that we do.
