BAUER Appoints Project Director to Deliver Major Projects

Leading foundation contractor Bauer Technologies Ltd has appointed Paul Doyle as Project Director. Paul's appointment further strengthens its' operations delivery team, whilst demonstrating sustained development and a long term commitment to UK major projects.

Paul, previously a project manager for Bachy Soletanche, has worked in the geotechnical and piling industry for over 18 years. He has gained a wealth of experience through project managing some of the largest ground engineering contracts in the UK.

Speaking of his appointment, Paul said: "I'm delighted to join Bauer Technologies, which is arguably the most exciting and dynamic specialist foundation contractor in the UK. Bauer has an enviable reputation for exceptional delivery through implementing innovative solutions to complex foundation projects, hand in hand with a first class safety record and industry leading quality management. Being one of the world's largest geotechnical contractors, Bauer has the infrastructure, vision and technical expertise to cement its position as a leading player in the UK foundation sector. To be part of the Bauer's project management team is as exciting as it is challenging."

Speaking about the appointment, Bauer Technologies Managing Director, Martin Blower, said: "Paul has a wealth of experience in this sector. I am confident that his appointment strengthens our capabilities in delivering complex and challenging foundations projects on time and on budget."
